5X1 25X1A	I called Representative Robert Leggett (D., Calif.) in response to his call to OGC, concerning the request from Messrs. Paul Y. Seligson, Attorney for Saturn Airways, Inc., and Richard J. Kendall, Attorney for Overseas National Airways, Inc., for classification of a series of documents relating to Saturn and ONA intervention in the Civil Aeronautics Board hearing on the sale of Southern Airways. In brief, I told Representative Leggett that the request had been received and was under review. I noted that the prime matter for protection is the Agency involvement. Representative Leggett agreed and told me that the time press from his point of view relates to the Air Force contracts which will be under final determination in the next several days. I told Representative Leggett that I would check the matter and be back in touch with him tomorrow morning.
